

# OneSource

CENTER FOR NONPROFIT EXCELLENCE

End-of-year greetings from all of us at OneSource Center!

This certainly has been a year to remember! And yet with all its challenges, I am uplifted by countless ways our community has been served through the resilience, innovation and determination of our nonprofit community. It hasn't been easy, and we have all been stretched, but by working together and sharing our strengths, we look forward to 2021 and brighter days ahead.

OneSource Center is honored to support nonprofits through evolving times with new programming and resources. Our staff and volunteers work tirelessly through our resource center model to meet your needs, with backing from sponsors and donors who believe with us that our community is strengthened through the work of our region's nonprofits.

Our staff has compiled two videos (below) and our annual print newsletter to highlight ways our mission is being fulfilled. I hope these samples of our work inspire you, and that you [reach out to us](#) to let us know how we can support *your* important work in the community. We are here to help!

Wishing you a healthy and happy holiday season,

**Christie Brown**
