Nonprofit Support Agencies Benefit from Grant

OneSource Center is honored to announce it recently received a \$50,000 grant from the Procter and Gamble Fund of the Greater Cincinnati Foundation. The funds will be used to facilitate meetings between nonprofits with the end goal of helping organizations with similar missions or clients find new ways to work collaboratively.

The funds will also be used to subsidize projects with agencies that cannot afford even our nominal fees for services such as strategic planning, board development, business solutions, talent management or coaching services.
