

OneSource

CENTER FOR NONPROFIT EXCELLENCE

Together we build a thriving community for all.

OneSource Center, the only resource center for nonprofits in the area, strengthens and supports leaders and their organizations, enhancing their capacity for greater impact in the community.

CONSULTING SERVICES

“UMC Food Ministry had been working with OneSource Center’s consulting team on several projects prior to COVID,” said Larry Karow, Founder and CEO. “The strategic work we did positioned us to respond quickly when community needs grew exponentially due to the pandemic—from serving 1.6 million free meals in 2018 to over 2.6 million meals in the first 9 months of 2020. UMC Food Ministry thanks OneSource Center for its guidance in helping our organization be even more responsive to changing community needs in dynamic times.”

UMC Food Ministry is a regional outreach of the United Methodist Church getting food into the lives of hungry children, operating through more than 300 sites in Northern Kentucky and Greater Cincinnati.

TRAINING

“I’ve attended several OneSource Center Building Blocks workshops, as they are often relevant to business or human resource issues going on at our agency,” said Debbie Moorehouse, Director of Advancement, Center for Independent Living Options (CILO) Inc. “The workshop on Diversity, Equity and Inclusion was especially timely as our organization was developing its new strategic plan and rewriting our human resources policy manual. We were able to make noticeable positive changes because of information I gathered at the training.”

OneSource Center offers numerous training options for nonprofits—monthly Building Blocks (above), leadership development opportunities through NLIIGC and personalized training programs through our consulting group.

Never The Less was able to visit the Warehouse Showroom with clients through the OneSource Center Common Good Voucher Program.

PRODUCTS

“The warehouse marketplace at OneSource Center has been an incredible assist to our organization as we minister to at-risk girls in our community. My staff is able to purchase needed pantry items that we couldn’t afford at retail prices—personal care, office and home basics,” said Doris Thomas, CEO of Never The Less. “We were also able to offer the voucher program to our girls. The program has been a beautiful gift to the community, especially with pandemic challenges.”
