Together We Build a Thriving Community for All!

Networking and Collaboration

Funders want it. Many of us attend the wine and appetizer networking happy hours. But why?

The **"Better Together" series** (hosted by AFP, PBPO, Interact for Health, Leadership Council, OneSource Center) are demonstrating the benefits of collaboration with our Better Together series. We have had great attendance at these informative sessions; working together to provide interesting programs, sharing the effort needed to make these possible, and combined marketing to reach more of you, delivering not only great programming and speakers, but also a wonderful opportunity for networking with other nonprofit leaders. The next session will focus on generational dynamics in our workplace.

OneSource Center is also hosting quarterly **Executive Director and Senior Leader Roundtables**. So many times networking doesn't get much past an exchange of business cards. These roundtables are meant to deepen the conversations and provide opportunity for peer-to-peer learning as an addition to the topic speaker or panel. For the 3rd quarter Roundtable, picture this: a room filled with passionate Executive Directors, all buzzing with knowledge gained from board development workshops. They're eager to share their insights but yearn for their board members to understand the same. Dave Wallace, with BoardSource certification, will lead the discussion and add his own insights.

Furniture Donation Offers are Pouring In Let us know what you need!

We are receiving furniture donation offers every day and are working hard to receive and process the donations. If you are looking for something that you don't see in this flyer, please reach out to Beth and let her know what your needs are. Chances are it's coming soon. For example, we don't take cubicles in, but we do have offers for them. We can connect you to the donor for a small fee. We have been able to accommodate some very large requests - 40 desk chairs-(TWICE!) that never hit the showroom floor. We wouldn't have been able to accept 40 chairs all at once if we didn't know that there was a need for them.

To let us know your specific needs, please contact [Beth Yantek](#) by email at byantek@onesourcectr.org, or phone at 513-554-4944.

Master the 5 Messaging Milestones That Challenge Nonprofits

By **Kelli B. Newman, APR** from *NonProfit PRO*

Every nonprofit, regardless of size, age or purpose, passes through distinct milestones of messaging that test its relevance and the strength of its bottom line. Rather than a linear progression of lifecycles, organizations move in and out of five growth and renewal periods that require formulation of messaging and the communication strategies necessary for successful execution.

Let's 'Chat' About Grant Proposals

by *Nonprofit Times*

In all the thunder and splutter about AI, ChatGPT and the rest, it's common to hear proposal writers of a certain age get nostalgic for a simpler time when — wait a minute. Was that time so simple? What do grant seekers really miss about the business of proposal writing and submission long, long ago?

First, they needed to find out what we could about funders. Back in the 1980s, they turned to the Catalog of Federal Domestic Assistance for information about the federal government's 2,293 programs of possible funding for our work. (You can buy an heirloom version of the 900-page directory for \$170). Back in the day, the job involved lots of squinting and cross-referencing and strong coffee.

We Give Thanks!

We are grateful for the foundation support we receive that keeps our operations running smoothly and our fees low.

The Elsa Heisel Sule Foundation has provided support for our Common Good Store conversion to the Shopify platform, which will provide seamless checkout and an expanded and enhanced online store for furniture shopping. The transition should be complete by the end of the year

Additionally, we are thankful to the Ohio Valley Foundation, Fifth Third Bank, Agent, that provided much-needed funding to keep our truck repaired and supported for furniture pickups and deliveries.

The Ohio Valley Foundation has supported our work for years, providing funds for the purchase of our truck several years ago. Now they have come to the rescue again to fund the major repairs needed to keep the truck operational for several years more.

Our work to support the nonprofit community is supported by generous foundations, donors and corporate sponsors. Together we build a thriving community for all!
