Consultant Since: 2006

OneSource

3610 Park 42 Drive
Cincinnati, OH 45241
Telephone: 513.554.4944

Professional History

- Childhood Trust Outpatient Clinic
- University of Cincinnati Student Health Service
- University of Cincinnati Department of Family Medicine

Education

- M.P.H., Health Administration, University of Michigan
- B.A., History, Lawrence College

Meta's expertise lies in health-related project coordination and oversight. Most recently, she was the program coordinator for the Childhood Trust Outpatient Clinic of Cincinnati Children's Hospital Medical Center. She also worked for the University of Cincinnati for nearly fifteen years. As a management analyst with U.C.'s Department of Family Medicine, she developed and implemented a medical records system. When she was promoted to Assistant Administrator, she oversaw the conversion of a manual record-keeping system to a computerized system. She later became Clinic Manager of U.C.'s Student Health System.

Meta strongly believes in giving back to the community. A partner of SVP Cincinnati, she developed the rubric being used to measure community impact. She is past Treasurer of Chamber Music Cincinnati and the Grandin Road Condominium Association. She served on the Kidney Foundation of Greater Cincinnati board. She also has volunteered with ArtsWave, the City of Cincinnati, United Way of Greater Cincinnati, Cincinnati Museum Center, and Women Helping Women.

OneSource Experience

Meta is a past ESCC board trustee (the predecessor to OneSource) and currently serves on its Volunteer Engagement Committee. She coordinated the Free Store Leadership Institute. She assisted the Nonprofit Leadership Institute, which subsequently was renamed EXCEL. Meta helped facilitate strategic planning projects for Norwood Service League, Kenzie's Closet, and Women's Connection. She also supervised a full-day organizational workshop for United Pet Fund. Meta's administrative skills have been utilized by OneSource on projects including outcomes research, business planning excellence, and intranet development.
