

YP On the Rise

Young Professionals Engagement Program

Application deadline: April 12, 2019

OneSource Center is Greater Cincinnati's only nonprofit resource and support center providing services, products and connections to strengthen the impact of nonprofits in the region. OneSource Center supports the thousands of nonprofits in the Greater Cincinnati area with consulting, coaching, leadership development programs and training, and a warehouse of discounted furniture and supplies to help nonprofits fulfill their missions. Through these connections, OneSource Center sees first-hand the needs of nonprofits, and is passionate about supporting their growth.

Program Description:

The OneSource Center YP On the Rise program is designed to bring together talented and driven young professionals (YPs) to connect with each other, business leaders and local nonprofits that serve the greater Cincinnati area through OneSource Center's nonprofit member network. Through sponsorships, this program is provided at no cost to the participants.

This program will provide networking and career-enhancing opportunities to strengthen and build skills around working with nonprofits and understanding nonprofit boards. It will also include professional development, networking, and volunteering. Through a "community outreach" program, participants will work with OneSource Center's consultant team to receive information and training on OneSource Center programs and services. Through a workshop, YPs will be equipped with the skills needed to connect with designated nonprofit agencies, and trained to share OneSource Center's services and benefits. Participants will also develop a deeper understanding of the designated agencies and their impact in the community. YPs will work in pairs for several months to connect with new people, share information and learn. Leadership development skills learned through the program could benefit participants both at work and in their broader understanding of the nonprofit community – hopefully leading to future nonprofit volunteer engagement.

Ideal Applicants:

- Strong desire to be involved with a nonprofit
- Interest in making new connections
- Recognition by his/her organization as a "key talent"
- Commitment to participating in the designated "community outreach" program detailed above, and desire to engage with other nonprofits
- Commitment to attending all program sessions

Application Requirements:

- Submit online application by April 12th at 5:00pm.
- Program requires management approval for attendance at scheduled events.
- Commitment to attend all program sessions.
- Meetings with designated nonprofits will take place outside of the scheduled program dates. Be flexible and willing to work with agencies on timing.
