WHAT ONESOURCE CLIENTS SAY

“Because of our work with OneSource Center consultants, we were able to see our organization through different eyes. We were able to take a longer range strategic perspective. This new vision led us to additional avenues of outreach and expanded our impact in the community we serve.”

“Through OneSource Center’s Furniture Bank we were able to furnish our brand new office space for a fraction of the cost of retail. This savings made a huge impact on our organization’s bottom line, and allowed us to channel additional funds into direct patient service areas.”

“When I co-founded our nonprofit I was grounded in corporate principles, but had no experience in the nonprofit arena. The executive development program I attended through OneSource Center made me extremely confident in my leadership skills and understanding of what it takes to run a nonprofit. This training helped me take my raw talent and gifts and utilize them in a more effective way.”
