Professional History

- Procter & Gamble
- U.S. Army Corps of Engineers

Education

- B.S. Civil Engineering, Virginia Military Institute

Certification

- Project Management Professional (PMP)

Warren is a highly disciplined project manager with global experience who uses a collaborative approach to drive exceptional performance. During a 31- year career at Procter & Gamble, Warren gained broad business experience managing manufacturing operations and the transition of operations for large acquisitions & divestitures. Warren’s expertise includes project definition, project planning, cross functional team leadership, change management and risk management.

Warren has a passion to help others and is an active disaster response volunteer for Team Rubicon. He also supports various community organizations such as the NEST Community Learning Center.

OneSource Experience

Warren looks forward to putting his project management expertise to use in business and strategic planning projects.
