Professional History

- Starrag USA, Inc.
- Morris Innovative Inc.
- Target Corporation
- Eaton Corporation

Education

- M.B.A., Business Administration, University of Michigan
- B.S., Industrial Engineering, Purdue University

Certification

- Eaton Business Excellence Examiner

John is a highly accomplished management professional with extensive project management and leadership experience. Recently he became Project Manager / Inside Sales Manager at the global technology company, Starrag Group. As CEO of Morris Innovative he restructured the company, drove product development changes, and successfully received FDA approval for a new medical device. At an earlier point in his career, he held management positions with four Fortune 500 companies. John's skills include project management, leadership development and talent management, budget administration and cost management, lean processes, and sales.

John believes strongly in giving back to the community and is a past volunteer with Junior Achievement.

ESCC Experience

John is part of the consulting team assigned to Starfire and My Nose Turns Red.
