

Dennis Watson

Volunteer Consultant
Consultant Since: 2020

OneSource Center
936 Dalton Avenue
Cincinnati, OH 45203
Telephone: 513.554.4944

Professional History

- General Electric
- General Dynamics

Education

- M.S., Mechanical Engineering, Colorado State University
- M.B.A., Finance, Xavier University
- M.S., Structural Engineering, The Ohio State University

Certification

- Six Sigma Black Belt

Dennis recently retired from General Electric as Executive Manager, Engineering. His responsibilities included global business operations, new product introductions, commercial aircraft engine development, cross-business IT and labor relations. During his 33-year tenure with G.E., he managed more than 400 individuals globally and oversaw annual budgets in excess of \$75 Million. Dennis's expertise lies in organizational and program management, operations, strategy including strategic planning, and leadership. Earlier in his career, he was a Design Engineer at General Dynamics for the U.S. Navy's next-generation submarine fleet.

Strongly committed to community engagement, Dennis is a Roebing-level member of the United Way and long-term contributor to ArtsWave. He most recently consulted with multiple nonprofit agencies to develop strategic plans and enhance business development.

OneSource Center Experience

Dennis co-led a business development plan for Ohio Prisoners Justice League. He co-chairs OneSource Center's strategic planning effort and has been part of the working team which updated and revised OneSource's strategic planning protocols.
