- B.S., Interior Design, University of Cincinnati

Professional Associations

- International Interior Design Association

Certifications

- LEED Accredited Professional
- National Council of Interior Design Qualifications Certificate

Judy is both a business owner and interior designer. She is the managing principal of Garrett Mitchell Interiors, a firm she co-founded in 2015. For nearly 12 years, she was the principal of The Environments Group in Chicago. After it merged and became Perkins + Will, she stayed in the role of principal for another 8 years. Her clients include major Fortune 500 firms and she has managed corporate accounts that exceed \$250 million. Judy's skills include project management, strategic development and implementation, budget development and oversight, and interior design. She is a firm believer in the importance of being responsive to client needs and working with teams.

Throughout her career, Judy has been active with professional associations. She held leadership positions with the International Interior Design Association. As co-chair of the Illinois Interior Design Coalition, she successfully pushed for the passage of that state's Interior Design Title Act. In her spare time, and when conditions permit, she loves to travel.

OneSource Experience

Judy served on the team helping PAR develop a capital campaign plan as well as contributing to the team development of a business overview and plan for the Ohio Prisoners Justice League. In her recent project for Cross Over Community Development, she worked with the Executive Director to define the structure of the organization as well as developing job descriptions for key volunteer and staff recruitment.
