Together We Build a Thriving Community for All!

National Volunteer Month is Here!

National Volunteer Month is here, making it the perfect time to celebrate the people who serve others in our organizations. As a nonprofit ourselves, here at OneSource Center we recognize that we couldn't do this important work without our volunteers.

"Volunteers in the United States hold up the foundation of civil society. They help their neighbors, serve their communities, and provide their expertise. No matter what kind of volunteer work they do, they are contributing in invaluable ways." – IndependentSector.org

In 2022 the value of volunteer time in Ohio was \$27.07 per hour– what a boost to our organizations! At OneSource Center, our volunteers know we appreciate them throughout the year, but we want to show them a little extra appreciation during this month. We encourage all of the nonprofits in our community to give a special thank you to your volunteers as well!

One of our collaborating partners, [CincinnatiCares](#), can help recruit volunteers for your programs and events. And with [SignUpGenius](#), another tool, you can easily create a sign up and coordinate volunteer efforts to fill volunteer slots for an event.

Sign Up Genius also reminds us that there are many special and thoughtful ways we can thank our volunteers. Volunteers do spectacular work in our communities every day, and even a small gesture of appreciation goes a long way. Give your volunteers a little love this year with ideas from their [25 Creative Ways to Thank Your Volunteers](#).

Nonprofit News You Can Use

Cultivate Diverse Workplaces and Communities

No matter your career or organization, we all benefit from diversity, equity, and inclusion (DEI) advancements. Miami University has an award-winning online Diversity, Equity, and Inclusion in Leadership Certificate Program and OneSource Center has negotiated a discount of \$100. The online course includes 5 foundational modules and 3 additional modules in a choice of tracks: Coalition Building, Health Equity and Inclusive Workplaces.

Visit [Miami University's DEI webpage](#) to learn more. When registering, use code is DEI100 for a \$100 discount. For group rates, contact [Dr. Cristina Alcalde](#).

Caution! Employee Retention Credit

Many nonprofits are being solicited by groups offering to file for the Earned Income Credit (ERC), charging a fee of just 10% for their assistance. While some of these companies may be reputable, you must be cautious as we have learned that some will incorrectly file for the maximum credit.

The problem shows up later if the agency learns they did not qualify for all or most of the credit. The inflated 10% fee has already been paid and the group that processed the application is no longer. So the advice is to be sure to go with a reputable, known local firm, many that also charge just 10% but collect AFTER you get the credit approved.

Charitable Solicitation Registration

Did you know that nonprofits are required to register in states where they solicit donations?

In Kentucky, registration is due annually by 4 months and 15 days after the organization's fiscal year ends. [Learn more.](#)

In Ohio, annual reports are due on the 15th day of the fifth month following the end of the organization's fiscal year. [Learn more.](#) To file in Ohio, visit Attorney General's

Did you know that OneSource Center offers professional consulting services like business planning, HR advising, and Cyber Security audits? We also have grants available thanks to support from Procter & Gamble to subsidize the cost for organizations with an annual budget less than \$1 million.

Nonprofits and Movements: How Do the Two Relate?

by Steve Dubb from *Nonprofit Quarterly*

“Nonprofitization affects the structures of movements and the culture of our movements...[It] is understood to be a response to the revolutionary movements of the mid-20th century.” –Dean Spade

Should social movement work be paid? That question was at the heart of a recent talk by Dean Spade, a mutual-aid theorist and activist named a [Freedom Scholar](#) last year by the Marguerite Casey Foundation. Paying for movement work is complicated, Spade observes, because payment often creates a dependency on whoever foots the bill. Click [HERE](#) to read the full article.
