Professional History

- Paycor
- GE Aviation
- Capgemini

Education

- M.B.A., Management Information Systems, Indian Institute of Information Technology and Management
- B.S., Industrial Engineering, Punjab Technical University

Raman Arora is a passionate advocate for solving complex business challenges through the strategic application of technology, all while fostering an environment of growth and collaboration. Over the course of his career, he has successfully guided cross-functional teams to conceptualize, develop, and launch cutting-edge products that empower businesses to thrive in today's rapidly evolving landscape. In addition to his technical proficiency, Raman is known for his ability to cultivate meaningful relationships with stakeholders, clients, and partners. He believes in the power of effective communication and collaborative problem-solving to propel projects forward and exceed expectations.

Raman currently is a VP, IT Product Management & Transformation with Paycor. In that role, he leads a team of over 50 IT professionals to deliver digital solutions on IT platforms for all internal Paycor departments. Prior to that, Raman served as the Senior Director of Product Management for Paycor and was responsible for the delivery of digital solutions on Salesforce platform for all Paycor departments.

Before his time with Paycor, Raman worked in several roles for GE Aviation, including Director of Digital Product Management, Group Product Manager, and CRM Manager & Architect.

OneSource Experience

As a OneSource volunteer, Raman looks forward to working on leadership development, business solutions, board development, and strategic planning projects, as well as coaching.
