Pratheep Chidambaram is a highly accomplished and results-driven leader with a proven track record of delivering innovative software solutions and driving digital transformation. He retired from a long career with Honeywell, where he most recently served as Engineering Director for the Americas, Connected Industrial. In that role, he successfully delivered a portfolio of software solutions, drove growth in enterprise software pipeline and ensured technical excellence through a global team, implemented strategies for enhanced engineering productivity, and fostered a culture of continuous improvement.

Prior to that role, Pratheep worked at Honeywell as a Enterprise Software Solutions Operations Leader, Global COE Leader for Manufacturing Execution Systems (MES), and MES Operations Leader for Americas. Pratheep started his career as a Technical Leader and Senior Systems Analyst with Measurex.

OneSource Experience

As a OneSource volunteer, Pratheep looks forward to working on strategic planning, business solutions, and leadership development projects, as well as coaching.
