- Gamble Institute
- American Hospital Association

### Education

- M.B.A., Business, Health Administration, University of Chicago
- B.A., Slavic Languages and Literature, Ohio State University

### Certification

- Online Business Manager Certification, International Association of Online Business Managers

Carol is an entrepreneur and management executive with extensive experience in large and small nonprofits. As a strategic planning consultant for the American Hospital Association, she provided strategic planning advisory services to hospitals and hospital system members of this national trade association.

Carol served as VP of Administration for the Gamble Institute of Medical Research; an independent research institute focused on infectious disease research. She developed and implemented strategy that grew business from \$2 to \$4 million and led to acquisition of the institute by Cincinnati Children's Hospital Research Foundation.

She joined the nonprofit start-up, BIOSTART as VP of Commercialization and was promoted to President. She transformed the underperforming non-profit into a thriving, operationally profitable entity.

Prior to retirement, Carol served as Business Director for Every Child Succeeds where she planned and directed the financial and business operations as the organization grew from \$7-\$10 million.

Carol owns an on-line management consulting firm, Healthy Business Manager, helping online service businesses grow.

She serves as treasurer of a small women's service organization.
